

The Federal Communications Commission

Dear The Federal Communications Commission,

I do not want to pay more for my telephone service! Stop find ways to nickle and dime me to death. Instead of finding more ways to tax me, start cutting spending.

I use my wireless phone for safety, security and convenience. I don't want to lose these benefits so that big businesses can pay less than their fair share. I urge you to reject the proposal to move the USF collection system to a flat-fee.

Keep the USF Fair!

Sincerely,

Sam Elliot
